## 25 May 2020

lockdown update

---

# Introduction

On the 19th of April, Zimbabwe extended its lockdown with 14 days as a way of escalating measures of reducing the spread of COVID-19. The country's extension illustrates the government's commitment towards effectively containing the virus in the country. The current partial lockdown relaxed restrictions on mining companies, agricultural and food producers, among others as a way of ensuring constant supply of revenue to the government and food. The government also rolled out social assistance programs for vulnerable households including the elderly, vendors and People with Disabilities as a way of reinforcing the lockdown extension. The government's Task Force on COVID-19 also intensified its outreach activities to establish district and provincial isolation centres for cases of COVID-19 across the country.

## Issues covered in this Update

In this report, Heal Zimbabwe's Early Warning and Early Response Situation Room provides an update on: how communities are responding to the extended lockdown, availability and cost of face masks, the conduct of lockdown enforcement officers, the availability and quality of health care services for COVID-19 and other diseases, and the availability of information on COVID-19 in local communities.

## Methodology

A total of 4 000 trained Early Warning and Early Response Committee members and at least 5 000 community members who participate in HZT's outreach activities, CBOs operating in areas where Heal Zimbabwe operates and Heal Zimbabwe's Peace Clubs provides and verify information in this update.

## Presentation of Updates

### Mashonaland East

### Murehwa

On the 23rd of May, all Councillors from Murewa Rural District Council attended a COVID-19 preparedness meeting at Murewa Hospital. The meeting was graced by the former Minister of Health and Child Welfare Dr David Parerenyatwa. The meeting resolved that all Councilors should establish Water Committees within their ward and these will be responsible for educating community members about COVID-19. Today, the 25th of May, community members from ward 27 continued with their daily activities as usual. Some members of the community

were gathered in different spots drinking traditional brewed beer.

## Matabeleland North Province

### Lupane

Community members in Lupane are increasingly disregarding the lockdown measures. Community members were shocked with the news that 14 returnees escaped from Mabhikwa Quarantine Centre on the 23rd of May and 9 of them have since been arrested. Community members also highlighted that most returnees were not happy with the quality and quantity of food they are getting at Mabhikwa. It is also alleged that the facility does not have sufficient bed linen.
